C. COMMUNICATION WITH STATE STAFF

From the date the Request for Proposal is issued until a determination is announced regarding the selection of the contractor, contact regarding this project between potential contractors and individuals employed by the State is restricted to only written communication with the staff designated above as the point of contact for this Request for Proposal.

Once a contractor is preliminarily selected, as documented in the intent to contract, that contractor is restricted from communicating with State staff until a contract is signed. No individual member of the State, employee of the State, or member of the Evaluation Committee is empowered to make binding statements regarding this Request for Proposal. The buyer will issue any clarifications or opinions regarding this Request for Proposal in writing.

Questions may also be sent by facsimile to 402-471-2089, but must include a cover sheet clearly indicating that the transmission is to the attention of Nancy Storant/Robert Thompson, showing the total number of pages transmitted, and clearly marked "RFP Number 4518Z1; Public Health Information System Questions".

Question Number	RFP Section Reference	RFP Page Number	Question

E. ORAL INTERVIEWS/PRESENTATIONS AND/OR DEMONSTRATIONS

The Evaluation Committee(s) may conclude after the completion of the Technical and Cost Proposal evaluation that oral interviews/presentations and/or demonstrations are required in order to determine the successful bidder. All bidders may not have an opportunity to interview/present and/or give demonstrations; the State reserves the right to select only the top scoring bidders to present/give oral interviews in its sole discretion. The scores from the oral interviews/presentations and/or demonstrations will be added to the scores from the Technical and Cost Proposals. The presentation process will allow the bidders to demonstrate their proposal offering, explaining and/or clarifying any unusual or significant elements related to their proposals. Bidders' key personnel may be requested to participate in a structured interview to determine their understanding of the requirements of this proposal, their authority and reporting relationships within their firm, and their management style and philosophy. Bidders shall not be allowed to alter or amend their proposals. Only representatives of the State and the presenting bidders will be permitted to attend the oral interviews/presentations and/or demonstrations.

Once the oral interviews/presentations and/or demonstrations have been completed the State reserves the right to make a contract award without any further discussion with the bidders regarding the proposals received.

Detailed notes of oral interviews/presentations and/or demonstrations may be recorded and supplemental information (such as briefing charts, et cetera) may be accepted; however, such supplemental information shall not be considered an amendment to a bidders' proposal. Additional written information gathered in this manner shall not constitute replacement of proposal contents.

Any cost incidental to the oral interviews/presentations and/or demonstrations shall be borne entirely by the bidder and will not be compensated by the State.

F. SUBMISSION OF PROPOSALS

The following describes the requirements related to proposal submission, proposal handling and review by the State.

To facilitate the proposal evaluation process, one (1) original, clearly identified as such, and ten (10) copies of the entire proposal should be submitted. The copy marked "original" shall take precedence over any other copies, should there be a discrepancy. Proposals must be submitted by the proposal due date and time. A separate sheet must be provided that clearly states which sections have been submitted as proprietary or have copyrighted materials. All proprietary information the bidder wishes the State to withhold must be submitted in accordance with the instructions outlined in Section III, Proprietary Information. Proposal responses should include the completed Form A, Bidder Contact Sheet. Proposals must reference the request for proposal number and be sent to the specified address. Container(s) utilized for original documents should be clearly marked "ORIGINAL DOCUMENTS". Please note that the address label should appear as specified in Section II part A on the face of each container or bidder's bid response packet. Rejected late proposals will be returned to the bidder unopened, if requested, at bidder's expense. If a recipient phone number is required for delivery purposes, 402-471-2401 should be used. The request for proposal number must be included in all correspondence.

Emphasis should be concentrated on conformance to the Request for Proposal instructions, responsiveness to requirements, completeness and clarity of content. If the bidder's proposal is presented in such a fashion that makes evaluation difficult or overly time consuming, it is likely that points will be lost in the evaluation process. Elaborate and lengthy proposals are neither necessary nor desired.

The Technical and Cost Proposals should be presented in separate sections (loose-leaf binders are preferred) on standard 8 ½" x 11" paper, except that charts, diagrams and the like may be on fold-outs which, when folded, fit into the 8 ½" by 11" format. Pages may be consecutively numbered for the entire proposal, or may be numbered consecutively within sections. Figures and tables must be numbered consecutively within sections. Figures and tables must be numbered and referenced in the text by that number. They should be placed as close as possible to the referencing text.

Important: This RFP provides four options for bidding:

1. Option 1: Emergency Medical Services (EMS) patient care records
2. Option 2: Trauma Registry
3. Option 3: Patient Tracking
4. Option 4: Hospital Available Beds for Emergencies and Disasters (HAvBED) tracking system

Bidders may bid on any or all options. In order for a bidder to be considered for more than one option, a complete, separate proposal (Corporate Overview, Executive Summary, Technical Approach, and Cost Proposal) must be submitted for EACH option. Each proposal submitted must clearly identify which option is being bid.

G. PROPOSAL OPENING

The sealed proposals will be publicly opened and the bidding entities announced on the date, time and location shown in the Schedule of Events. Proposals will be available for viewing by those present after the proposal opening. Vendors may also contact the State to schedule an appointment for viewing proposals after the opening date.

H. LATE PROPOSALS

Proposals received after the time and date of the proposal opening will be considered late proposals. Rejected late proposals will be returned to the bidder unopened, if requested, at bidder's expense. The State is not responsible for proposals that are late or lost due to mail service inadequacies, traffic or any other reason(s).

I. REJECTION OF PROPOSALS

The State reserves the right to reject any or all proposals, wholly or in part, or to award to multiple bidders in whole or in part. The State reserves the right to waive any deviations or errors that are not material, do not invalidate the legitimacy of the proposal and do not improve the bidder's competitive position. All awards will be made in a manner deemed in the best interest of the State.

J. EVALUATION OF PROPOSALS

All responses to this Request for Proposal which fulfill all mandatory requirements will be evaluated. Each category will have a maximum possible point potential. The State will evaluate all proposals submitted within each separate option (Option 1: Emergency Medical Services (EMS) patient care records; Option 2: Trauma Registry; Option 3: Patient Tracking; and Option 4: Hospital Available Beds for Emergencies and Disasters (HAVBED) tracking system). A highest scoring bidder will be identified for each option (1, 2, 3, & 4). The State reserves the right to award any or all options at its' sole discretion. The State will conduct a fair, impartial and comprehensive evaluation of all proposals in accordance with the criteria set forth below. Areas that will be addressed and scored during the evaluation include:

1. Executive Summary;
2. Corporate Overview shall include but is not limited to;
 - a. the ability, capacity and skill of the bidder to deliver and implement the system or project that meets the requirements of the Request for Proposal;
 - b. the character, integrity, reputation, judgment, experience and efficiency of the bidder;
 - c. whether the bidder can perform the contract within the specified time frame;
 - d. the quality of bidder performance on prior contracts;
 - e. such other information that may be secured and that has a bearing on the decision to award the contract;
3. Technical Approach; and
4. Cost Proposal.

State Statute 73-107 allows for a preference for a resident disabled veteran or business located in a designated enterprise zone. When a state contract is to be awarded to the lowest responsible bidder, a resident disabled veteran or a business located in a designated enterprise zone under the Enterprise Zone Act shall be allowed a preference over any other resident or nonresident bidder, if all other factors are equal.

Resident disabled veterans means any person (a) who resides in the State of Nebraska, who served in the United States Armed Forces, including any reserve component or the National

Guard, who was discharged or otherwise separated with a characterization of honorable or general (under honorable conditions), and who possesses a disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense and (b)(i) who owns and controls a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in subdivision (a) of this subsection and (ii) the management and daily business operations of the business are controlled by one or more persons described in subdivision(a) of this subsection. Any contract entered into without compliance with this section shall be null and void.

Therefore, if a resident disabled veteran or business located in a designated enterprise zone submits a bid in accordance with Neb. Rev. Stat. §73-107 and has checked “yes” requesting priority/preference to be considered in the award of this contract, the following will need to be submitted by the vendor within 10 business days of request:

- a. Documentation from the United States Armed Forces confirming service,
- b. Documentation of discharge or otherwise separated characterization of honorable or general (under honorable conditions),
- c. Disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense; and
- d. Documentation which shows ownership and control of a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in subdivision (a) of this subsection; and the management and daily business operations of the business are controlled by one or more persons described in subdivision (a) of this subsection.

Failure to submit the requested documentation within 10 business days of notice will disqualify the bidder from consideration of the preference.

Evaluation criteria will become public information at the time of the Request for Proposal opening. IV. PROJECT DESCRIPTION AND SCOPE OF WORK

A. PROJECT OVERVIEW

This RFP provides four options for bidding: Option 1: Emergency Medical Services (EMS) Patient Care Record, Option 2: Trauma Registry, Option 3: Patient Tracking, and Option 4: Hospital Available Beds for Emergencies and Disasters (HAvBED) tracking system. In order for a bidder to be considered for more than one option, a complete, separate proposal (Corporate Overview, Executive Summary, Technical Approach, and Cost Proposal) must be submitted for EACH option. The state will evaluate all proposals submitted within each separate option. A highest scoring bidder will be identified for each option (1, 2, 3, and 4). The State reserves the right to award any or all options at its' sole discretion. The following defines the intent of this RFP:

The Nebraska Department of Health and Human Services, Division of Public Health (hereafter known as DHHS) is seeking Public Health Information System(s) that are web-based to be hosted, serviced and supported by the vendor for the following options:

1. Option 1: Emergency Medical Services (EMS) patient care records
2. Option 2: Trauma Registry
3. Option 3: Patient Tracking
4. Option 4: Hospital Available Beds for Emergencies and Disasters (HAvBED) tracking system

Each system can be provided by an independent vendor; however the EMS and Trauma systems must be able to exchange compliant data to and from the EMS and Trauma systems.

B. PROJECT ENVIRONMENT

Nebraska has 433 emergency medical services units. Oversight for EMS units is at the local level. The DHHS provides licensing, technical assistance and training for EMS units. Standards for EMS can be found in state regulations, Title 172, Nebraska Administrative Code 12. Requirements for patient care records are stated in the regulations. DHHS currently provides an electronic data system for patient care records used by most EMS units. There are approximately 8700 Nebraska users registered on the system. Data files from EMS providers not using the DHHS provided system are converted and imported into the DHHS system.

Nebraska has 48 designated trauma and rehabilitation centers reporting data to the Trauma Registry. DHHS provides technical assistance, training and trauma center designation to facilities in Nebraska. State regulations for the Trauma Registry can be found in Title 185, Nebraska Administrative Code 9. Data files from designated trauma centers not using the DHHS system are converted and combined with data from the DHHS system. There are approximately 75 users from 33 facilities using the current system.

DHHS currently does not provide a patient tracking system to EMS providers or hospitals in Nebraska and there is no federal or state requirement to do so. In disaster management a patient tracking system functions to tag and map the location of patients if possible. It also should tag and label resources such as ambulances and helicopters and show locations if possible. A user friendly patient tracking system for EMS providers and hospitals that is easily integrated into an EMS information system, with reporting to DHHS, is desired.

The HAvBED tracking system is required by the U.S. Department of Health and Human Services' Office of the Assistant Secretary for Preparedness and Response (ASPR) Hospital

Preparedness Program (HPP) grant. Approximately 125 hospital and medical center users in Nebraska are enrolled in the HAvBED electronic reporting system administered through DHHS.

C. OPERATIONAL EXPERIENCE REQUIREMENT

Bidders must have a minimum of two years' experience hosting, servicing and supporting an operational system(s) for the system(s) that are proposed. DHHS is not seeking a contractor to develop a new system(s).

D. SCOPE OF WORK

1. PROVIDE ONE OR MORE OF THE FOLLOWING WEB-BASED PUBLIC HEALTH INFORMATION SYSTEM(S)

- a. Option 1: Emergency Medical Services (EMS) patient care records
- b. Option 2: Trauma Registry
- c. Option 3: Patient Tracking
- d. Option 4: Hospital Available Beds for Emergencies and Disasters (HAvBED) tracking system

The EMS and Trauma systems must be able to exchange data interactively between the two systems by using the national NEMSIS and NTDS standards located at www.nemsis.org and <http://www.ntdsdictionary.org>. For data fields that are not defined in the two national standards, the state EMS and trauma data dictionaries shall be followed.

The HAvBED system does not need to be integrated with the EMS, Trauma or Patient Tracking systems.

2. PROJECT MANAGEMENT REQUIREMENTS FOR ANY/ALL SYSTEM OPTIONS
